WELCOME MESSAGE

Cari amici e soci SIUP,

Dopo la "trasferta" sulla riviera romagnola degli ultimi cinque anni a Riccione, ci ritroveremo il 7 e 8 ottobre a Roma per il 39° Congresso Nazionale della SIUP. La prima giornata congressuale, sabato 7 ottobre, avrà luogo presso l'Auditorium San Paolo dell'Ospedale Bambino Gesù di Roma, mentre per la seconda giornata, domenica 8 ottobre, la sede sarà quella del Centro Congressi "La Nuvola" di Roma, sede del congresso nazionale SIU. Le due sedi si trovano nella stessa area metropolitana e sono relativamente vicine, raggiungibili in 10-15 ' in metro/autobus/taxi.

Le nostre scelte strategiche maturate e consolidate negli ultimi 5 anni sono l'espressione diretta di un percorso coerente e condiviso con gli amici urologi della SIU che, anno dopo anno, hanno allargato il fronte comune della reciproca collaborazione sul piano culturale e scientifico, interagendo su progetti orientati sul futuro sviluppo delle 2 società scientifiche.

Ho avuto il privilegio, lo scorso anno, di festeggiare, insieme a tutti voi, la ricorrenza dei primi 40 anni di vita della SIUP: quest'epoca di vita viene comunemente riferita ad uno stato di piena maturità dell'individuo ed, allo stesso modo, ritengo di poter dichiarare che la nostra società scientifica, superate le criticità pandemiche ed extrapandemiche, gode attualmente di buona salute, consolidando nel tempo i nostri principi e valori identitari, sempre aperti ad interazioni ed iniziative scientifiche con le altre società dell'area chirurgico-urologica-pediatria.

Un progetto sul quale stiamo lavorando intensivamente negli ultimi 5 anni con la SIU riguarda la costruzione di un modello condiviso di transizione urologica per patologie urologiche complesse ad elevata criticità e che richiedono un urgente intervento di politica sanitaria sul territorio nazionale, coinvolgendo tutte le risorse necessarie allo scopo (professionali, scientifiche, legislative).

Al Transitional Care ed al progetto di costruzione di un modello comune e condiviso di transizione urologica sarà dedicata un'interessante tavola rotonda che vedrà la partecipazione di SIUP-SIU-SIUD nella seconda giornata congressuale dell'8 ottobre. Altro momento importante e distintivo del Congresso SIUP 2023 sarà quello riservato all'incontro e confronto con i vertici europei delle reti ERN eUROGEN, dedicato all'analisi ed alle attività dei networks nell'ambito delle patologie rare e complesse urogenitali.

Non mancheranno gli interessanti contributi della tavola rotonda dedicata allo stato dell'arte della robotica in chirurgia pediatrica ed urologia pediatrica in Italia, ai workshop sulla calcolosi urinaria nei suoi aspetti nefro-urologici e quello riservato ai casi complessi di enuresi monosintomatica e non-monosintomatica.

Un sentito saluto a tutti, buone vacanze e...vi aspetto tutti a Roma!

Il Presidente

Giuseppe Creti
